Official Program Information

◆ The Role the MSF Plays ◆

The Minnesota Sports Federation (MSF) is a non-profit, non-tax supported public service organization which solely conducts recreational-amateur sports activities in the state of Minnesota. Members of the Federation receive many valuable services which enable them to enjoy recreational-amateur sports to their fullest extent.

The MSF mission is to provide wholesome community based amateur-recreational sports opportunities that promote fitness, personal growth, good sports and the development of lifetime leisure skills.

Since 1982, the Sports Federation has become a major organizational force in planning and executing amateur sports events for over 200,000 youth and adults in Minnesota.

To implement and conduct a program of this magnitude, the MSF relies on individuals who dedicate many hours of their time to the benefit of recreational sports enthusiasts throughout the state of Minnesota.

The MSF serves as the local association of the National Softball Federation, National Youth Basketball Council (NYBC), USA Broomball and the National Sports Federation.

The MSF is governed by an 15-member board which is comprised of players, coaches, program administrators and officials active in the sports community.

Through the union of all eligible leagues, organizations, groups and affiliations with organizations devoted wholly or partially to the promotion of recreational sports, the MSF hopes to expand programs and services in the future.

The MSF is committed to serving amateur sports enthusiasts in an effort to enhance the quality of life for all Minnesotans regardless of age, gender, race, economic status or handicap.

◆ Eligibility ◆

PLAYERS

General Rule

If eligibility is claimed by employment the participant must be employed full-time (30-40 hour work week) in the state of Minnesota. The full-time employment must be the individual's main livelihood and the individual must be compensated accordingly. A position which involves travel through the state may not be interpreted as employment in the state. These participants must compete in the state where they reside.

Border Players

Players who live in a bordering state and within 30 driving miles of the Minnesota border are eligible for leagues held in Minnesota provided they petition and receive the approval of the state commissioners involved and are accepted by the nearest sports community prior to the roster deadline.

Post High School Students (College, Vo-Tech, Jr. College)

The January 1 "reside or work" deadline is waived for students. The deadline is January 31. Students must select one of the following three options for participation:

1. Compete where their permanent residence is located.
2. Compete where they work. (Summer employment does not qualify).
3. Compete where their school is located.

A college student is defined as a full-time student living away from home for the purpose of attending college. Summer school students are not considered to be resident students unless they are attending the same school they attended full-time during the preceding year.

Service Personnel

Players called into the armed forces active duty may be replaced by otherwise eligible players (training programs do not apply). Discharged service personnel returning to their sports community are eligible for post-season tournament competition provided they meet local eligibility rules and the local sports community accepts them. The January 1 deadline for employment or residence is waived for service personnel. The deadline is January 30. Service personnel on temporary leave are not eligible for post-season tournament competition.

TEAMS

All men's players must be rostered by January 5 and compete in a minimum of three regular season league games in the sports community they are representing in MSF post-season tournament play. Exceptions: Women's; Class A Men's; Men's Masters; A/B/C Co-Rec - roster deadline is prior to first tournament game and three league game requirement does not apply. (Playoff games are not considered regular season league games.)

To be eligible for MSF tournament play, teams must be registered, qualify through their local league/playoffs, and meet the player and league eligibility rules in this guide.

Roster Limit - Men's, Class A/B Co-Rec - 17 (includes player/manager). Women's & Class C Co-Rec - 15 (includes player/manager)

LEAGUES

To be eligible to send a representative to an MSF post-season tournament all of the teams in the league from which the representative comes must be registered. (For example, if a league has eight teams, all eight teams must be registered. It is not permissible to register only four of the eight teams). The league shall have a minimum of four teams and conduct an intra-league schedule totaling a minimum of 12 games. (12 games is a combined total for all teams in the league.)

League Playoffs

Players are permitted to participate in more than one league playoff provided their local league does not invoke a local rule which prohibits it. It is highly recommended that leagues require players who are participating on more than one team declare in writing by January 5, which team they will be participating on in post-season tournament play. A space is available on the official MSF roster for doing so. This will assist in eliminating forfeits due to a shortage of available players.

POST-SEASON TOURNAMENTS

A team or player may not participate in more than one MSF broomball state tournament in the same division of play. Divisions of play are defined as men's, women's, co-rec and masters.

Once a player participates in an MSF qualifier or state tournament they are committed to that team and that player is not eligible to participate with another team in a qualifying or state tournament in the same division of play. **Exception:** Players who have played in a qualifying tournament may petition to switch teams (maximum of two), prior to the February 5 roster deadline providing they are released by their current team and are going to a like (same) classified team.

Any team found to have an ineligible player(s) shall be immediately disqualified from MSF tournament play.

SPORTS COMMUNITIES

Definition

A sports community is defined as the city(ies) school district(s) from which an eligible league draws its players who are eligible for a direct seed, or league playoffs, which qualify a team(s) for MSF post-season tournament competition.

Sports communities may be:

1. A single city
2. A school district
3. Combination of two or more cities.
4. Combination of two or more school districts

Sports communities may be formed by adjoining open areas, other cities, and other school districts.

Representation

A sports community must conduct an “eligible league” to qualify representatives for MSF post-season tournament competition.

Each MSF sports community will be allowed a designated number of entries for state tournaments. The number of entries is based upon the number of team registrations in a specific class. The greater the number of team registrations in a specific class the greater the number of tournament entries that will be allowed. Please refer to the “MSF tournaments” section of this guide for specific details on tournament entries allowed.

ROSTERS

Regular Season

All member men's "B-D" outdoor & indoor teams/leagues must submit regular season rosters for teams that are or may be advancing to post-season tournament play to the MSF by January 5. Women's, Class A Men's, Co-Rec and Masters teams must submit their roster at the tournament site. Once the first ball is dropped in Women's, Class A Men's, Co-Rec or Masters play no players may be added to the roster. Universal roster forms are available from MSF offices and must be used for this purpose. Exception: Park and Recreation and Community Education Departments may send a copy of their own regular season roster in place of the MSF universal roster provided it provides legible names and addresses of all players. However, all teams that are or may be advancing to MSF post-season play must complete and utilize the universal roster. In spite of this exception it is highly recommended that all departments endeavor to utilize the universal roster form for all teams as it helps prevent the use of ineligible players.

State Qualifying/State Tournament Rosters

Teams shall hand carry their correctly completed white copy of the roster to the post-season tournament site and hand deliver it to the MSF tournament manager prior to commencing play. Important Note: White copy must match identically the regular season roster (pink copy) which was previously submitted by the league director with the exception of:

- a. Those players who are not eligible for post-season tournament play by virtue of their participation with another team (see MSF play-off rules) SHALL HAVE A SINGLE LINE DRAWN THROUGH THEIR NAME BY THE LEAGUE DIRECTOR/TEAM MANAGER AND THE SPACE INITIALED BY THE LEAGUE DIRECTOR.

All players' names must appear on the tournament roster and must be accompanied by their signature. Players who are listed on the official tournament scorecard and not on the roster, or players who participate without previously completing the signature block, shall cause their team to be eliminated from competition. League directors signature block must be completed prior to commencing play. League directors may submit the regular season roster (pink copy) without players' signatures, but the copy must contain all players' names and addresses. Rosters which are incomplete or not legible will be rejected and the team eliminated from competition.

League directors are responsible for reviewing the roster, crossing out the extra blank spaces and signing the post-season roster (white copy). League directors are also responsible for designating and circling the “team number assigned” on the white state tournament roster at the time the team advances to state tournament play. This number identifies the team number the team is advancing as from your community and corresponds to the number located on the tournament draw.

Rosters must be verified and signed by the team manager and league director who registered the team and league and submitted regular season rosters. In order for the team manager to be eligible as a player, their name must also be listed and signed in the players section.

Do not mail the tournament roster. Teams without “official tournament rosters” will not be permitted to participate.

Players appearing on the official roster shall be prepared to immediately prove their eligibility upon request of the tournament manager or MSF representative.

In addition to presenting a valid Minnesota Driver's License or alternative picture I.D. listed below, **players claiming eligibility through employment** shall be prepared to exhibit **one** of the following items:

1. Previous years W-2 tax statement.
2. Two payroll receipts or check stubs with player's and company's name dated prior to January 1 of the current year. Check stub must reflect full time employment.
3. Company I.D. Badge dated with current year.

In addition to presenting a valid Minnesota Driver's License or alternative picture I.D. listed below, **players claiming eligibility through residence** shall be prepared to exhibit **one** of the following items:

1. Previous years property tax statement.
2. Two copies of rent receipts dated prior to January 1 of the current year.
3. Notarized statement from landlord indicating occupancy was held prior to January 1 of the current year.

Teams unable to prove the eligible residence or employment address of each of their participating players upon request of an MSF representative will be disqualified from tournament competition.

Any team without a properly completed roster (includes team manager and league director's signatures) or found to have an ineligible player(s) (i.e. a player who has: illegally participated in two state tournaments, not signed the roster or not listed on the roster, etc.) shall be immediately disqualified from competition.

All players participating in qualifiers or state tournament play must have their current Minnesota or bordering state driver's license picture I.D., military picture I.D., tribal enrollment picture I.D., company picture I.D., college picture I.D., Minnesota drivers permit or license revocation slip in their possession (at the team bench) for each game they play in. If a rostered player is under 16 years of age and does not have a driver's license, they must bring either a student picture I.D. or birth certificate. **No other form of I.D. will be accepted.** If a player's last name is different on their license versus the roster due to a name change (i.e. marriage) they must also bring a copy of their marriage license. If a driver's license has been revoked, the player must have the state revocation/application slip. Teams/players will be checked at random during state tournament play. Teams found with player(s) not in possession of the required I.D. will be required to deposit a \$200.00 identification bond in order for the team to continue tournament play (teams with illegal players should immediately drop out of the tournament to mitigate harsher penalties). In addition, **each player** without required I.D. who testifies they are legal and are the player listed on the scorecard/roster, may continue tournament participation by submitting a \$25.00 **non-refundable cash** (no checks) participation fee (this non-refundable **cash fee** will be divided equally between the state Junior Olympic program and Softball Hall of Fame). Teams who do not pay the \$200.00 deposit will not be allowed to continue in the tournament. In addition, the unidentified player(s) must pose for a photograph and sign a statement of identification in order for their team to continue play. Upon proof of each player(s) identification and legality, either at the site or at MSF offices, the \$200.00 bond will be returned. Failure to pay the \$200.00 bond, pose for a picture and sign the I.D. statement will disqualify the player and team from the game, tournament and advancement to further competition. Failure to exhibit proof of identification by the Wednesday after the tournament will cause the team to forfeit the \$200.00 bond.

◆ Classes of Competition ◆

CLASSIFICATION PHILOSOPHY

The intent of the Federation team classification system is to place teams in a division in which they are competitive. The Federation philosophy that “**winning is not everything**” but **striving to win** is the most important consideration must be kept in mind when classifying teams.

Consequently, teams which go 0-2 in a tournament are by no means automatically considered to be inappropriately classified. Many factors such as the margin of defeat, the sports community’s history, the teams which were played, and the number of teams in the division, etc. are carefully weighed before permission is granted for a sports community or a team to move down.

Not all teams can win championships and success in Federation play should not be related to winning or losing, but rather related to the amount of effort put forth. When a league or team disregards all principles of fair play by intentionally competing at a level below their ability in an attempt to win a championship, the team has not only cheated themselves, but also the entire program. The opportunity to match skills against an equally skilled opponent is what “sport” is about. Many teams, in their efforts to win games, leagues and tournaments, purposely match their superior skills against less skilled opponents. The intent of sport is being sacrificed for the sake of a won/loss record and the accompanying material rewards.

All Federation sports participants need to assure that their motives for participating are in line with the original purpose of sport. If this is done the program will continue to flourish.

GENERAL CLASSIFICATION RULES

The classification rules listed below apply to broomball.

To avoid misunderstandings please carefully review all classification rules and procedures prior to team registration. been developed to allow equalized competition at several levels.

1. The class(es) of competition in which a sports community's team(s) compete are designated by MSF. This classification system has been developed to allow equalized competition at several levels.
2. A broomball team is defined as the number of players required to play a particular sport, not the number of players allowed on a roster. (Example: Triple Crown Gaming wins the class "B" state championship and returns or recruits any combination of three or more players who were registered on a "B" team the preceding year. Triple Crown Gaming must move up to class "A" the following year since they returned or recruited one-half or more (three) of the players that comprise a broomball team.) For purposes of this rule a broomball team is comprised of 6 players.
3. Sports community classifications are reviewed annually by the MSF. Communities/teams may be raised or lowered at the discretion of these ruling parties.
4. Sports community directors may **raise** a team's class at their discretion at any time.
5. MSF reserves the right to combine two or more classes of competition when an insufficient number of tournament entries exist to conduct a specific class of play.
6. Sports communities/teams may not move down without the written permission of the MSF. Petitions to move down shall be forwarded to MSF offices prior to December 1 of the current year and include league director's signature indicating their knowledge of, and position on, the petition.
7. **Sports communities/teams which have been moved up may not petition to move down for a minimum of two years unless they have less than five players returning from the previous years team roster.**

8. A minimum of the top one in men's "A/B", top two in "B" and top four teams in class "C & D" state tournament play shall automatically move up one class the following year.
9. If a team finishes in the top two of the Class C Co-Rec State Tournament they shall automatically move up to Class B the following year.
10. Once teams are registered in a specific class they shall remain so registered for the entire season unless the league director submits a written request for a class change and it is approved by MSF offices. League directors or local sports community classification committees are responsible for applying the rules found here. Teams which are registered in different classes may compete in the same league but must be separated into respective classes for play-offs which qualify a team(s) for MSF state tournament play.
11. If the same team (three or more players) plays in two leagues, it must assume its highest classification.
12. Sports communities that have been newly formed or inadvertently omitted from the class designation lists should contact the MSF to ascertain their proper class designation.
13. Sports communities/teams found in violation of MSF classification rules shall be immediately disqualified from competition.

SPECIFIC CLASSIFICATION RULES

1. A maximum of 25% of a community's teams may be classified in Class D. Any team that competed in the previous years Class C state tournament and advanced from pool play may not be classified in class D during the current year.
2. No greater than three players from a 2016 team or combination of teams may play together at a lower level than they competed at in the previous season.
3. Players may only drop down one class per year and must play in the new class at least once before dropping again.

CLASSIFICATION PROCEDURES AND CLASS DESIGNATIONS

Classification procedures and class designations accompany the broomball guide on a separate special yellow addendum. After you have reviewed the "Classes of Competition" section in the current broomball guide, please refer to the yellow addendum for the classification procedures and percentage requirements which must be adhered to.

TEAMS RECLASSIFIED FOR 2018

By recent action of the Sports Federation Board of Directors and in accordance with the reclassification rules, the top finishers in 2017 state tournament competition have been moved up in an effort to maintain parity within classes and balance the number of teams in statewide competition.

This process occurs on an annual basis.

Teams which have been moved up may not petition to move down for a **minimum of two years** unless they have less than three returning players from the previous year's team roster.

The teams and communities which are affected for 2018 are listed on the next page.
