Spring/Summer/Fall 2023

WELCOME TO THE 2023 SEASON OF NSF ◆ MSF SOFTBALL IN MINNESOTA.

We are looking forward to serving your community and team again in 2023.

Again last year nearly 2,500 adult softball teams and 250 umpires participated in MSF sponsored softball activities and we anticipate continued mass participation this year. The Minnesota Sports Federation softball continues its status as the state's largest league softball organization.

Again, this year a multitude of registered invitational tournaments and postseason tournaments are available to participate in.

NSF ◆ MSF membership provides a broad spectrum of opportunities in the softball world from umpire/coaches training to special events such as the "Minnesota Softball Hall of Fame Banquet".

This year's Men's Slow Pitch and Women's Slow Pitch Tournament of Champions/NSF North American Championships will be hosted at Sandquist Family Park in Cambridge on August 18-20.

Should you have any questions or suggestions on how we can better serve you, please do not hesitate to contact us.

We look forward to "Serving Minnesota Through Sports" SM again this year.

Very sincerely,

Perry Coonce NSF ◆ MSF

MINNESOTA SPORTS FEDERATION

NSF ♦ MSF Softball-Minnesota Sports Federation

The Minnesota Sports Federation (MSF) is a non-profit, non-tax supported public service organization which solely conducts recreational-amateur sports activities in the state of Minnesota. Members of the Federation receive many valuable services which enable them to enjoy recreational-amateur sports to their fullest extent.

The MSF mission is to provide wholesome community based amateur-recreational sports opportunities that promote fitness, personal growth, good sports and the development of lifetime leisure skills.

Since 1982, the Sports Federation has become a major organizational force in planning and executing amateur sports events for over 200,000 youth and adults in Minnesota.

To implement and conduct a program of this magnitude, the MSF relies on individuals who dedicate many hours of their time to the benefit of recreational sports enthusiasts throughout the state of Minnesota.

The MSF serves as the local association of the National Softball Federation, National Youth Basketball Council (NYBC) and USA Broomball.

The MSF is governed by an 15-member board which is comprised of players, coaches, program administrators and officials active in the sports community.

League, association, team and player membership in the Minnesota Sports Federation is voluntary and conditional upon members adhering to established rules and regulations and acting in the best interest of the NSF ♦ MSF program.

Through the union of all eligible leagues, organizations, groups and affiliations with organizations devoted wholly or partially to the promotion of recreational sports, the MSF hopes to expand programs and services in the future.

The MSF is committed to serving amateur sports enthusiasts in an effort to enhance the quality of life for all Minnesotans regardless of age, gender, race, economic status or handicap.

GENERAL INFORMATION

Executive Director.....

The rules and regulations contained in this guide are not intended to limit or restrict play, but to promote fair play and provide a more enjoyable experience for all. Representatives designated by the NSF ◆MSF are empowered to apply the rules found here and also render decisions on situations not specifically covered by rule.

These eligibility rules and regulations apply only to those sports communities/leagues sending representative(s) to tournament play. Sports communities/leagues who wish to send representatives to district and/or state tournaments shall adopt and abide by the eligibility rules contained in this guide. Sports communities/leagues may make these rules and regulations stricter, so long as local modifications do not create conflicts which result in violation(s) of NSF♦MSF rules (For example: a league may increase the number of league games a player must play in league play in order to advance to post-season tournament play to more than the required four, but may not reduce the number to less than four). If there is a conflict or omission within on a program or playing rule, NSF ♦ MSF tournament/state staff shall make a final ruling/interpretation.

League Playoffs

Players are permitted to participate in more than one league playoff in the same division of play provided their local league does not invoke a local rule which prohibits it. It is highly recommended that leagues require players who are participating on more than one team in the same division of play to declare in writing by June 15, which team they will be participating on in post-season tournament play. A space is available on the official NSF

MSF roster for doing so. This will assist in eliminating forfeits due to a shortage of available players.

Umpires

All NSF♦MSF teams and leagues shall use NSF♦MSF registered umpires in official league contests.

POST-SEASON TOURNAMENTS

A team or player may not participate in post-season tournament play on more than one NSF

MSF team in the same division of play. The seven different divisions of play are listed below.

Slowpitch Co-Rec Slowpitch Fastpitch
Church Slowpitch Masters Slow (35) Modified Pitch

Once a player participates in a NSF MSF district, state, regional or metro tournament they are committed to that team and that player is not eligible to participate with another team in a district, state, regional or metro tournament in the same division of play. (See above for divisions of play.)

Once a player participates with a team that secures a national tournament berth via a national qualifier, they are committed to that team and may not play with another team in a district, state, regional or metro tournament in the same division of play.

Any team found to have an ineligible player(s) shall be immediately disqualified from NSF♦MSF tournament play.

SPORTS COMMUNITIES

Definition

A sports community is defined as the city(ies) school district(s) from which an eligible league draws its players who are eligible for a direct seed, or league playoffs, which qualify a team(s) for NSF

MSF post-season tournament competition.

Sports communities may be:

- 1. A single city
- 2. A school district
- 3. Combination of two or more cities.
- 4. Combination of two or more school districts

Sports communities may be formed by adjoining open areas, other cities, and other school districts.

Representation

A sports community must conduct an "eligible league" to qualify representatives for NSF♦MSF post-season tournament competition.

Each NSF ♦MSF sports community will be allowed a designated number of entries for post-season tournaments. The number of entries is based upon the number of team registrations in a specific division and class. The greater the number of team registrations in a specific division and class the greater the number of tournament entries that will be allowed. Please refer to the "NSF♦MSF tournaments" section of this guide for specific details on tournament entries allowed.

ROSTERS

Regular Season

All member leagues must submit regular season rosters to the MSF prior to July 15 for both slowpitch and fastpitch. Once rosters are received at MSF Offices no changes may be made even if the rosters were received prior to July 15.

In order to meet the July 15 MSF deadline, it is recommended that local leagues establish an earlier deadline. Universal roster forms are available from MSF offices and must be used for this purpose. Exception: Park and Recreation and Community Education Departments may send a copy of their own regular season roster in place of the NSF♦MSF universal roster provided it provides legible names and addresses of all players. However, all teams advancing to NSF♦MSF post-season play must complete and utilize the universal roster for post-season tournament play. In spite of this exception it is highly recommended that all departments endeavor to utilize the universal roster form for all teams as it helps prevent the use of ineligible players.

NO ROSTER CHANGES ARE PERMITTED AFTER JULY 15 OR AFTER ROSTERS ARE RECEIVED AT MSF OFFICES! NO EXCEPTIONS!!

Leagues which fail to submit regular season rosters will not be eligible for post-season tournament berths. Teams will be disqualified from post-season tournament play if a regular season roster is not found on file at NSF♦MSF offices.

Post-Season/National Qualifying Tournament Rosters

Teams shall hand carry their correctly completed white copy of the roster to the post-season tournament site and hand deliver it to the MSF tournament manager prior to commencing play. Important Note: White copy must match identically the regular season roster (yellow copy) which was previously submitted by the league director with the exception of:

Those players who are not eligible for post-season tournament play by virtue of their participation with another team (see MSF play-off rules) SHALL HAVE A SINGLE LINE DRAWN THROUGH THEIR NAME BY THE LEAGUE DIRECTOR/TEAM MANAGER AND THE SPACE INITIALED BY THE LEAGUE DIRECTOR.

Players are not allowed to be on multiple NSF♦MSF postseason rosters from within the same league with common opponents.

All players' names must appear on the tournament roster and be accompanied by their signature. Players who participate without previously completing the signature block shall cause their team to be eliminated from competition. League directors signature block must be completed prior to commencing play. League directors may submit the regular season roster (yellow copy) without players' signatures, but the white copy must contain all players' names and addresses. Rosters which are incomplete or not legible will be rejected and the team eliminated from competition.

League directors are responsible for reviewing the roster, crossing out the extra blank spaces and signing the post-season roster (white copy). League directors are also responsible for designating and circling the "team number assigned" on the white state tournament roster at the time the team advances to state tournament play. This number identifies the team number the team is advancing as from your community and corresponds to the number located on the tournament draw.

In order for the team manager to be eligible as a player, their name must also be listed and signed in the players section.

Do not mail the tournament roster. Teams without the "official tournament roster" will not be permitted to participate.

In addition to presenting one of the forms of I.D. listed below, players claiming eligibility through employment or residence in Minnesota shall be prepared to exhibit **one** of the following items:

Employment

- 1. Previous years W-2 tax statement.
- 2. Two payroll receipts or check stubs with player's and company's name dated in accordance with the date specified in applicable NSF ♦ MSF Sports Guide. Check stub must reflect full time employment.
- 3. Company I.D. Badge dated with current year.

Residence

- 1. Previous years property tax statement.
- Two copies of rent receipts dated in accordance with the dates specified in applicable NSF♦MSF Sports Guide.
- 3. Notarized statement from landlord indicating occupancy was held in accordance with the dates specified in applicable MSF Sports Guide.

Teams unable to prove the eligible residence, employment address or identification of each of their participating players upon request of an MSF representative will be disqualified from tournament competition.

Rosters for softball teams participating in church divisions must be signed in the designated space by the head of the church, which validates the church membership of the players listed on the official tournament roster. (Player's church membership must have been established prior to March 1.)

Rosters for men's masters (35) & (50) slow, open/A men's slow, open/major co-rec, open women's slow are turned in prior to play at the state tournament site.

Players participating in the 35 & 50 and over divisions must verify their age by showing one of the following documents during random eligibility checks at MSF post-season tournaments:

- 1. Birth Certificate
- 2. Hospital Certificate of Birth
- 3. Baptismal Certificate
- 4. Military Separation Papers
- 5. Minnesota Drivers License

Age verification documents must be in possession of the team at all times for random checks. Submit copies only as there is no guarantee of return.

Any team without a properly completed roster (includes team manager and league director's signatures) or found to have an ineligible player(s) (i.e. a player who has illegally participated in two post-season tournaments in the same division of play, etc.) shall be immediately disqualified from competition.

All players participating in post-season tournament play must have their current Minnesota or bordering state driver's license picture I.D., military picture I.D., tribal enrollment picture I.D., company picture I.D., college picture I.D., Minnesota drivers permit or license revocation slip in their possession (at the team bench) for each game they play in. If a rostered player is under 16 years of age and does not have a driver's license, they must bring either a student picture I.D. or birth certificate and photo. No other form of I.D. will be accepted. If a players last name is different on their license versus the roster due to a name change (i.e. marriage) they must also bring a copy of their marriage license. If a driver's license has been revoked, the player must have the state revocation/application slip. Teams will be checked at random during state tournament play. Teams found with player(s) not in possession of the required I.D. will be required to deposit a \$200.00 identification bond in order for the team to continue tournament play (teams with illegal players should immediately drop out of the tournament to mitigate harsher penalties). Teams who do not pay the \$200.00 deposit will not be allowed to continue in the tournament. In addition, each player(s) without required I.D. who testifies they are legal and the player listed on the scorecard/roster, may continue tournament participation by submitting a \$25.00 non-refundable cash (no checks) participation fee. (This non-refundable cash fee will be divided equally between the state Junior Olympic program and Softball Hall of Fame). Players without the proper identification who do not pay the \$25.00 non-refundable fee will not be allowed to participate. In addition, the unidentified player(s) must pose for a photograph and sign a statement of identification in order for their team to continue play. Upon proof of each player(s) identification and legality, either at the site or at MSF offices, the \$200.00 bond will be returned. Failure to pay the \$200.00 cash bond, pose for a picture and sign the I.D. statement will disqualify the player and team from the game, tournament and advancement to further competition. Failure to exhibit proof of identification by the Wednesday after the tournament will cause the team to forfeit the \$200.00 bond.

SCORECARDS

Once a player is listed on an NSF♦MSF official score/line-up card (that is given to the MSF tournament manager, UIC or game umpire) as a starter or substitute, they are considered officially in the game and are subject to all NSF♦MSF eligibility rules including subjecting their team to tournament disqualification if their name is not found on the regular and post-season roster.

Once an eligibility check has been **completed** by the tournament manager or the scorecard has been presented to the game umpire names can not be added to the score/line-up card.

CLASSES OF COMPETITION

NSF ◆ MSF Softball-Minnesota Sports Federation

CLASSIFICATION PHILOSOPHY

The intent of the Federation team classification system is to place teams in a division in which they are competitive. The Federation philosophy that "WINNING IS NOT EVERYTHING" BUT STRIVING TO WIN is the most important consideration must be kept in mind when classifying teams.

Consequently, teams which go 0-2 in a tournament are by no means automatically considered to be inappropriately classified. Many factors such as the margin of defeat, the sports community's history, the teams which were played, and the number of teams in the division, etc. are carefully weighed before permission is granted for a sports community or a team to move down. Not all teams can win championships and success in Federation play should not be related to winning or losing, but rather related to the amount of effort put forth. When a league or team disregards all principles of fair play by intentionally competing at a level below their ability in an attempt to win a championship, the team has not only cheated themselves, but also the entire program. The opportunity to match skills against an equally skilled opponent is what "sport" is about. Many teams, in their efforts to win games, leagues and tournaments, purposely match their superior skills against less skilled opponents. The intent of sport is being sacrificed for the sake of a won/loss record and the accompanying material rewards.

All Federation sports participants need to assure that their motives for participating are in line with the original purpose of sport. If this is done the program will continue to flourish.

The classification rules listed below apply to Softball divisions. Specific classification procedures and designations for each division of play are found under each division's respective section. It is not necessary to designate a team classification when registering teams that are participating in divisions of play where only one tournament is conducted. These divisions of play are listed below:

Modified Pitch

Church Slowpitch

To avoid misunderstandings please carefully review all classification rules and procedures prior to team registration.

- 1. The class(es) of competition in which a sports community's team(s) compete are designated by MSF. This classification system has been developed to provide equalized competition at several levels.
- 2. A team may not have more than three players from a higher class unless they petition to lower their team classification. (Example: Triple Crown Gaming wins the class "C" state championship and returns or recruits any combination of four or more players who were/are registered on a "C" team or higher during the preceding season or current season. Triple Crown Gaming must move up to class B the following year since they returned or recruited four or more of the players that comprise their softball team).
- 3. A player may not play more than one full letter class lower than their player classification. (Example: Mike's Place has 1-3 players who played on a class C team in the previous or current season. The rest of the roster has played at D or lower. The lowest class Mike's Place could play in without petitioning is class D.)
- 4. Sports community classifications are reviewed annually by the MSF slow or fastpitch Classification Committee, the State Commissioner and Associate Commissioner. Communities/teams may be raised or lowered at the discretion of these ruling parties.
- 5. Softball community directors may raise a team's class at their discretion at any time.
- 6. MSF reserves the right to combine two or more classes of competition when an insufficient number of tournament entries exist to conduct a specific class of play.
- 7. Sports communities/teams may not move down without the written permission of the NSF ◆ MSF. The Reclassification Application, found on pages 73-74 of this guide, shall be forwarded to NSF ◆ MSF offices prior to February 15 for slowpitch and May 1 for fastpitch of the current year.
- 8. Slowpitch teams that have been moved up may not petition to move down for a minimum of two years and must have played in post-season play at least one year in their new class. Exception: Class A, B and C slowpitch teams may petition to move down after one year of post season play in their new class.
- 9. Fastpitch Class C State Champion and all Class D move-ups must play state in their higher class at least two years before petitioning to move back down. Class C State runner-up may petition to move down after playing in Class B State for one year.
- 10. Teams that are classified higher by another organization in the state and wish to be classified lower in the MSF program, must petition the applicable Sports Federation classification committee for their classification status in the MSF program by March 15 of the current year.
- 11. Men's Fastpitch: If a "C" team finishes in first or second place of the state tournament it shall automatically be considered for move up to class "B" the following year. If a team finishes in the top one-four in the class D state tournament, it shall automatically be considered for move up to class C the following year. Any team may be reclassified to a higher or lower level by the fastpitch committee if the committee feels that the team is inappropriately classified.
- 12. For team classification purposes, a player's current class shall be considered the most recent post-season tournament they have played in during the previous season or current season.

- 13. Men's Slowpitch: If a men's team finishes in the top two of the Class C Slowpitch State Tournament or North American Championships two out of three years, it shall automatically move up to Class B the following year. The top 1-2 teams in "DD" state shall automatically be considered for move up to "C" the following year. The top 2-4 teams in "D" state shall automatically be considered for move up to "DD" the following year. If a team finishes in the top four of the class "EE" state tournament it shall automatically move up to class "DD" the following year. Teams that finish from 5-16 in "EE" shall automatically be moved up to "D" the following year. Teams that finish in the top 2-4 in "E" state shall automatically be considered for move up to "D" the following year. The pitcher classification form can be found on page 79.

If the home team is losing prior to the start of the 7th inning, or any other inning where the run rule may be invoked, the home team shall "flop" at-bats with the visiting team, batting two times in a row. If the new visiting team scores enough runs to avoid the run rule, or ties or goes ahead in the 7th inning, the original visiting team shall bat as the new home team for the remainder of the game. Teams which forfeit their first game in a double elimination district or state tournament shall have one hour and fifteen minutes from their initial game time to contact the NSF♦MSF tournament site manager regarding their second game. Should no contact be made within the 1:15 time limit, the second game shall be declared a forfeit.

- 24. Any player, coach or manager ejected from a game for an unsportsmanlike act shall be prohibited from participating in any remaining contests (subject to appeal) in the tournament and must leave the tournament site. 35. Concussion Management Guidelines

A concussion is an injury to the brain and any injury to the brain is serious. It is caused by a blow to the head or a blow to the body resulting in an injured brain. Even a seemingly minor blow or jolt can cause a brain injury.

All umpires in Minnesota who officiate games in which 18-under players participate, must undergo concussion training at the website provided below.

Common Concussion Symptoms

Headaches Nausea Vomiting **Balance Off** Dizziness Sensitive to Light Sensitive to Sound Fatique Numbness and Tingling Visual Problems Mentally Foggy Ear Ringing Confusion Difficulty Concentrating Difficulty Remembering Nervousness

Drowsiness Slurred Speech

Return to Participation

Athletics should not return to play until:

Evaluation and clearance by Health Care Professional

Athletes must be symptom free at rest and during progressively demanding exercises.

Athletes must remain symptom free upon returning to practice/play.

Detailed Concussion Training is available at www.cdc.gov/concussion/headsup/youth.html

Additional resources available at www.mnata.com or www.braininjurymn.org

35. In case of an injury to a player the game official shall allow an individual(s) identifying themselves as a coach, relative or qualified medical person on the playing area to help provide medical assistance. The game official shall record the name of the individual(s) allowed on the playing area on the scorecard. Note: If a qualified medical person has been provided by the MSF or tournament host, this shall be the only medical person allowed on the playing area unless the medical person provided requests or authorizes the assistance of another medically qualified person (Coaches or relative(s) shall always be permitted on the playing field to check on or assist with an injured player).

CLASS D CO-REC PLAYING RULE MODIFICATION

Four outfielders must remain on the outfield grass until the ball is contacted by the batter.

CASUAL PROFANITY/FAMILY ATMOSPHERE RULE

Casual profanity pertains to expletives not directed at umpires or opposing players, but uttered by a player, manager/coach frustrated with themselves, a teammate or fan. (Examples include: A player/manager swearing after a pop out, strike out, boot of a ball, or at a belligerent fan, etc.). This type of "casual" profanity is penalized by "outs" being declared against the offending team.

PENALTY

If the offending team is at bat and profanity is used, the player is out unless the result of the play is an out in which case the next batter will be declared out.

If the offending team is in the field, the first player(s) to bat in their half of the inning will be declared out. It is possible for a team to come to bat with one or more outs already recorded or lose their at bat altogether. Outs will be treated as delayed dead ball situations.

NOTE: Profanity directed at opposing players or umpires must always be penalized by ejection (an out is not declared).

RATIONALE

The "Casual Profanity Rule" provides a lesser penalty for the grey area between accepted conduct and those situations where the offender must be ejected. This rule is meant to sensitize players and discourage them from using words that are considered offensive/obscene. In an ideal world this rule would not be necessary and hopefully it will serve as a major deterrent and reminder not to use unacceptable language.

The above "Casual Profanity Rule" has been officially adopted for sanctioned tournament/post season tournament play and is highly recommended for adoption at the local league level. Please check with your local league director to see if it has been adopted for use there.

POST-SEASON TOURNAMENTS

NSF

MSF Softball-Minnesota Sports Federation

STATE TOURNAMENTS

The number of state tournament entries a sports community receives in each division of play is determined by the number of teams that are registered by that sports community in each specific division of play and class. To assist sports communities in determining the approximate number of entries they will receive in a specific division of play and class in advance of receiving the tournament entry form, close estimates are provided on the green classification addendum that accompanies the league director's team membership information. The figures provided are estimates and may vary slightly depending upon the number of statewide team registrations received in a specified division of play and class.

ENTRY DEADLINE

Deadline for submitting state tournament entries is July 10. Tournament entries postmarked after July 10 (if accepted) include a \$10.00 per tournament entry late penalty.

Sports community directors will receive written notice prior to June 10 regarding the number of tournament entries their sports community has been awarded. A tournament entry form will also accompany the written notice.

To reserve positions in state tournaments the sports community director must complete and return the tournament entry form along with payment or purchase order number prior to the tournament entry deadline. Once a tournament entry fee has been submitted and a tournament position reserved, there is no refund.

Tournament Structure

- 1. All state tournaments are double elimination, except for those with 15 teams or less which will use the three game guarantee format.
- 2. All state tournaments in which teams advance from district tournaments shall have a minimum of 16-48 teams. Teams include:

The number of teams which advance as at-large teams from each district is determined by the number of entries in each respective district tournament. The number of at-large berths will be posted at the district tournament site. (A reduced state tournament entry fee of \$85.00 will be paid by the advancing at-large teams below third place.)

REGISTERED INVITATIONAL TOURNAMENTS

NSF ◆ MSF Softball-Minnesota Sports Federation

GENERAL INFORMATION

All invitational tournaments in which NSF ◆ MSF member teams compete shall be registered with the Minnesota Sports Federation. Invitational tournaments conducted after the completion of MSF post-season tournament play must also be registered. The tournament registration fee is \$55.00.

For a tournament sanction application and services brochure, please contact the Sports Federation Office.

- 1. All invitational tournaments held between the dates of April 1 October 1 shall be registered.
- All tournaments which are registered NSF♦MSF must use NSF♦MSF umpires/umpire-in-chief in regulation NSF♦MSF uniform on all games/assigning. (Note: Tournament directors must receive permission from their respective District Commissioner or Umpire In Chief prior to employing umpires/UIC who are registered through another state.)
- 3. Only NSF♠MSF registered teams may compete in NSF♠MSF registered invitational tournaments. Teams which participate in an NSF♠MSF registered tournament must have their team membership/classification card in their possession upon check-in and it must be checked by the tournament director. This requirement must be stated on the tournament flyer.
- 4. Tournament roster limits: 20 Players
- 5. Awarding of beer drinking trophies is discouraged and advertisement of same is prohibited on the tournament flyer or in the tournament schedule book.
- 6. There shall be no use of tobacco or e-products or consumption of alcoholic beverages in, near or adjacent to the designated team areas. **Violation:** Tournament disqualification of violating player. **Note:** Players disqualified for violation of the dugout rule are disqualified for that game only. If the disqualified player acts in an unsportsmanlike manner upon their disqualification, the player is ejected from the game/tournament.
- 7. All playing rules of the National Softball Federation apply with modifications allowed in the following areas:
 - a. Run Rule
 - b. Third Strike Foul Rule
 - c. 3/2 Count
 - d. If a time limit is used it may not be **less** than one hour (Adult slowpitch) and 1 1/2 hours (Adult fastpitch) (i.e., no new Inning shall begin after one hour of play) Also, reverting back to previous inning once an inning has started is not permitted. **Note:** For men's fastpitch it is recommended that a 1:30 time limit be imposed along with the international tie breaker rule and the maintaining of one foot in the batter's box rule.
 - e. Number of players required to start and finish a game
 - f. Bat the line-up.
 - g. Game Equipment
- 8. Metal spikes are not permitted in any division of play.
 - **Exception:** Men's and Women's fastpitch & Modified Pitch.
- 9. Casual Profanity/Family Atmosphere rule will be in effect for <u>all</u> registered tournaments. Provisions of this rule can be found in the current softball guide.
- 10. All tournaments awards must be listed on the tournament flyer (Exception: beer drinking trophies may not be advertised on the tournament flyer and their use is discouraged). If expense/travel allowance is given, the amount to be awarded must be listed on the tournament flyer and the expense/travel allowance must be disbursed in the form of a check, money order or U.S. currency. Bar tabs for alcohol are not an acceptable tournament award and may not be given in lieu of expense allowance. Expense allowance may not be given in a youth tournament. The use of the terms "cash" or "money" are prohibited on the tournament flyer.
- 11. Minimum and maximum fence distance of fields that will be utilized during tournament play shall be listed on the tournament flyer. If "open" fields are to be utilized it shall also be so noted on the tournament flyer.
- 12. At the tournament director's discretion, teams participating in registered invitational tournaments may "pick up" to a combined maximum of four youth or adult players from other registered teams located within the state (providing these "pick ups" reside or work in the state and conform with applicable age regulations). Men's & Co-Rec slowpitch pick ups may be any class. In women's slow pick ups in a BDR tournament may be class "AA" or lower and in a handicap tournament must be the same or lower class as the team picking them up. In fast and modified pitch play only, pick ups must be the same classification or lower as the tournament classification. Exception for Men's Modified Pitch: Directors of men's modified pitch tournaments may at their discretion allow "B" teams to pick up two "A" players. Class A players

may not pitch in a "B" tournament. If this option is invoked it must be stated on the tournament flyer/communicated in advance of a team entering a "B" tournament.

- 13. Following the completion of NS♣ MSF post season tournament play (after Labor Day), and subject to the discretion of the tournament director, a tournament may allow "open" rosters or an increased number of pick up players. The only stipulation is that all of the players emanate from NSF MS♣ member teams. If a tournament sponsor chooses to invoke the "open" roster rule or allow an increased number of "pick-ups" it must state so on the tournament flyer.
- 14. All adult tournaments shall require participating teams to submit an official NSF ♦ MSF registered invitational tournament roster at check-in. These official adult rosters are found in the Registered Invitational Schedule Book. These requirement must be stated on the tournament flyer.
- 15. Tournament Classification

General rules: 1) Unless a tournament has been filled, tournament directors may not deny entrance to member teams in **good standing** in the applicable class. **(Exception:** Teams which have displayed a lack of or poor sportsmanship in previous tournaments may be denied entrance.) 2) Once a tournament sanction application has been submitted the tournament classifications accepted may not be altered without unanimous consent of participating teams and final approval is obtained from MSF offices. 3) It is permissible to offer more than one tour-nament classification in each division of play offered.

Specific Classification rules:

Men's & Co-Rec Slowpitch tournaments are not classified by the team classifications they accept. They must be open to all member teams regardless of classification. Classification of tournaments and the handicapping of teams for men's slow pitch registered weekend tournaments is accomplished by the application of home run rules and expense allowance limits.

Only the following options listed below each division of play are available for tournament classification in that specific division.

Men's & Co-Rec Slowpitch

Classification Options:

- U = **All Classes allowed.** Unlimited number of home runs per team allowed. Unlimited expense allowance permitted per division.
- 7 = **All classes allowed.** Seven home runs per team allowed. Maximum \$2,500 expense allowance permitted per division
- 4 = **All classes allowed.** Four home runs per team allowed. Maximum \$2,000 expense allowance permitted per division. Maximum \$850 to any one place.
- 1 = **All classes allowed.** One home run per team allowed. Maximum \$1,500 expense allowance permitted per division. Maximum \$725 to any one place.

Note: Important Home Run Rule Notes: 1) Home runs are untouched fair balls hit over the fence. Excess home runs are ruled foul balls. This means if an excess home run is hit on the third strike the batter shall be declared out. (If fence distances on fields being used in the tournament are less than 275' the tournament director may petition the Sports Federation office for approval to increase the number of home runs allowed on the short fences.); 2) Tournament directors are permitted to alter the home run rule in the following manner: option a: After the initial limit of (7), (4) or (1) home run is used the next (7), (4) or (1) home run may be ruled a single rather than a foul ball. Thereafter all home runs shall be ruled foul balls; option b: Tournament directors may allow two teams to mutually agree to waive the use of a home run rule in a given game. If either of these options is invoked they must be so stated on the tournament flyer. (Option b may not be invoked in tournaments where total runs scored serves as a tiebreaker.)

Women's Slowpitch

Classification Options:

All = All classes Allowed. Maximum \$2,500 expense allowance permitted per division.

Note: Women's tournaments must accept all classes of teams and have the option of running a BDR (bracket determined by record) tournament or a HCP (handicapped by runs given) tournament. In the HCP tournament a low-er class team playing a higher class team is "spotted" four runs at the beginning of the game for each class differ-ence. (Handicap tournaments may not have a run rule lower than 15).

Fast and Modified Pitch Tournaments

Classification Options:

These tournaments are designated by the team classes accepted. **Note:** In men's fastpitch, teams designated "A/B" by the state fastpitch committee may compete in "B" tournaments until such time they win two, and then may compete in "A" tournaments only. Maximum expense allowance for adult fast and modified pitch tournament is \$2,500 per division.

Note: It is highly recommended that adult fastpitch tournaments not be scheduled on the 2nd or 3rd weekend of July due to a limited number of fastpitch umpires available. NSF ◆ MSF Umpires will not be permitted to work registered adult tournaments on those weekends unless all Junior Olympic games are covered.

16. Invitational tournaments may not be conducted within a twenty-five mile radius of NSF♦MSF district and state tournaments which are scheduled for the same weekend in the same division of play.

- 17. Players may only participate on one team per tournament bracket. (I.E. A player may participate in both a "4" and a "7" bracket at a weekend tournament.
- 18. Umpires may not play in a tournament division they are officiating in.
- 19. Tournament directors may not play or umpire in a tournament they are directing.
- 20. A registration may be denied or withdrawn when its issuance jeopardizes or detrimentally affects the NSF♦MSF softball program.
- 21. Upon request, sponsoring organizations must supply team rosters, completed tournament brackets and tournament flyer to the respective District Commissioner and/or State Federation office.
- 22. It is highly recommended that players/managers ejected from a tournament contest shall also be disqualified from the remainder of the tournament.
- 23. To prevent conflicts, registered tournament directors responsible for decision making relative to a tournaments operation should not consume alcoholic beverages until the completion of games for the day.
- 24. Teams that cancel out of a registered invitational tournament must do so by Thursday noon of the tournament weekend or face suspension from future tournament play unless the tournament entry fee is paid.
- 25. Tournament Directors shall notify the NSF♦MSF of any unsportsmanlike acts by participants in their invitational tournament.
- 26. Should it become necessary to cancel or postpone a registered invitational tournament, please notify your District Commissioner no later than the Friday before your tournament.
- 27. All member sports communities are asked to require sponsoring organizations who conduct tournaments on their fields to show proof of NSF♦MSF tournament registration. This will assure that the applicable insurance coverages are in effect and that the NSF♦MSF will be working with your local tournament sponsor in assuring a successful event, one which brings credit to your community.

GAME OFFICIALS

NSF ◆ MSF Softball-Minnesota Sports Federation

GENERAL INFORMATION

All umpires who officiate league games, sanctioned invitational or NSF♦MSF post-season tournaments which are registered or registered by the NSF♦MSF must be registered with the NSF♦MSF.

REGISTRATION

To officially register as a NSF♦MSF umpire please contact the Sports Federation Office for membership procedures and application.

Membership fee is \$55.00. A \$5.00 late fee applies to registration after May 1. All officials are required to attend an umpire certification clinic and new umpires are strongly encouraged to attend a state umpire school.

If your association would prefer a local clinic for your umpires (rather than traveling to a regularly scheduled one) the NSF♦MSF state umpire staff is available to provide this service. Please contact the NSF♦MSF umpire staff member nearest your city or the staff member you'd prefer to use. These special clinics do meet the clinic attendance requirement.

DISTRICT MAP

NSF ◆ MSF Softball-Minnesota Sports Federation

Leagues

The District in which your league representatives compete is determined by:

- 1. The office location of the agency sponsoring your league, or:
- 2. When there is no official agency sponsoring your league, the District/County is determined by where the league draws the greatest percentage of its players, i.e., if a league draws players from both Wadena and Hubbard counties, but a greater percentage from Wadena County (District 5), then the league representatives would compete in District 5.

Umpires

The District Tournaments in which an umpire officiates is:

- 1. The District where the umpire works the greatest percentage of their games during the regular season or:
- 2. If an umpire works an equal number of games in two Districts, then his official District shall be the one in which he resides.

NOW HIRING SUMMER **UMPIRES**

SOFTBALL - HISTORICAL PERSPECTIVE

George Hancock, a reporter for the Chicago Tribune, is credited with inventing the game of indoor softball at the Farragut Boat House in Chicago in 1887. Lt. Lewis Rober, Captain of Fire Station 19 on the University of Minnesota Minneapolis Campus, is credited with inventing an outdoor version in 1895, called kitten ball.

In both instances the game was used as a recreational outlet for the players involved and meant to be a "miniature" less difficult version of baseball. The first outdoor field was located behind fire station # 19 at University Avenue and Oak Street, now just across the street from the home of the Minnesota Golden Gophers football team. "Miniature" is an understatement as the first diamond had 45' base paths and a pitching distance of 35'. It was not uncommon for 1,500 fans to show up for a Saturday afternoon game between The Kittens and The Rats.

Rober wrote the first rulebook which sold for 10 cents and sewed the first ball which sold for \$1.25. Bats were wood and no more than two inches in diameter, resembling a big broom stick. At the Farragut Boat Club in Chicago, the first ball was actually a rolled up boxing glove and the bat was a broom handle.

So the game of softball had very humble beginnings and was "invented" as a less formal, less difficult to play version of baseball. The ball was actually soft by design.

Over 100 years later the game that was invented as a form of recreation for the masses in many ways can no longer lay claim to that appeal. Technology and competition among bat and ball manufacturers have made the game much faster, more difficult, and often dangerous to play. Balls are hard and bats flex like a trampoline to propel the ball faster and further. Pitchers wear face masks and shin pads to protect themselves on the mound. Some senior leagues actually use batting practice screens to protect the pitcher.

As the game has become faster, more difficult and oftentimes dangerous to play, participation has dramatically declined. How much is related to the less recreational nature of the game versus societal changes is tough to determine, but with more and more specialization in youth sports prospective participants who never played baseball or softball may have a difficult time picking up the less recreational game of softball as an adult.

Continued on next page.

SOFTBALL - HISTORICAL PERSPECTIVE (CTD.)

Ninety-five per cent of the players in the USA play softball for one night a week for recreation, and maybe a weekend or two. Their goal, is to have fun and go to work the next day with all their teeth and faculties intact. The National Softball Federation recognizes this fact and working with park and recreation directors hopes to reinvent a game that is safer, and appeals more to the average recreational participant. This means balls may be less lively and bats as well. (This will also reduce the cost of equipment and cost to play the game.)

While 5% of the players are highly skilled and competitive, their desires and the sales motives of equipment manufacturers should not negatively affect participation in the game. There needs to be rule and equipment differences for the recreational (95%) versus elite participants (5%) – otherwise the steady decline in softball league and tournament participation that began in the 90's, will inevitably continue.

2012 HALL OF FAME PROFILE

BARB NORTHWAY - STATE OF MINNESOTA

Nominated by Minnesota Softball Community

When it comes to Minnesota Softball, especially JO, Women's and Co-Rec no one has contributed more in organizing and promoting the game.

Barb Northway served as the Associate Director of the Minnesota Sports Federation from 1982 until 2004 and during that time devoted countless hours to making sure Minnesota softball participants both young and old, had the best organized, professionally administered softball program possible.

Proof that Minnesota did came in the form of countless membership awards from the national organization which recognized Barb for high membership totals, quality of programming and years of service.

During her tenure Minnesota had a 700% increase in Junior Olympic Softball participation and 300% increase in adult softball.

Recognizing her talents and dedication she was named National JO chair in 1994 and served until 1998. She also served on the National board of directors in 1990-1991 and established a "meet the candidates" forum where voting delegates could ask those running for national president their position on various important issues in the softball world before casting their vote for a candidate.

Barb was elected to the High School Coaches Hall of Fame in 2004, the same year she was recognized for 22 years of outstanding leadership by the ASA.

During her "career" with the Minnesota Sports Federation Barb administered at least 10 national softball tournaments in Minnesota and repped several outside the state. During tournament time it was not uncommon for Barb to work 90-100 hour weeks and work eight weeks in a row without a day off. (Her family gathered here this evening can attest to that.) Her attention to detail and service to the participants could not be replicated.

Barb wasn't satisfied accomplishing her ample day today event staging, accounting and human resources duties though, she went well beyond that by establishing the "High School Girls Fastpitch All Star Series" In 1984 with assistance from the High School Coaches Association President Tom Begich.

She also assisted on "Softball Night at the Dome" and the "Softball Hall of Fame" for many years and created the "Junior Olympic Softball Festival" with assistance from Dave Anderson of the Elk River Softball Community.

Barb encouraged Eden Prairie to bid on a Junior Olympic Fastpitch National Tournament which they secured. She then worked with Mike Jensen and his staff to assure its success. It remains the only Junior Olympic Girls Fastpitch National Tournament the state has ever hosted.

Last but not least she created annual clinics for Junior Olympic players and coaches to assure they were at the top of their game.

In 1998 Barb was honored by the State of Minnesota by being presented the Minnesota Breaking Barriers award during the National Girls and Women's in Sports Day at the State Capitol. The award is given to individuals who have succeeded in breaking through barriers to provide athletic opportunities for girls and women in sport. Not only has Barb provided those opportunities, but she also found time to partake herself being named all-conference in girls high school basketball and playing women's slowpitch softball competitively for many years. She practiced what she preached when it came to the

value of participatory team sports.

Upon "retiring" from the Minnesota Sports Federation in 2004 Barb went on to direct the Rockford Community Center for seven years during which time she hosted several MSF basketball and volleyball state tournaments.

Today she serves as the Deputy Director of Park and Recreation for the City of Plymouth which is widely known and respected for its system of parks, trails, facilities and recreational programming.

It is our honor indeed to welcome Barb Northway to the Minnesota Softball Hall of Fame this evening.

Advantages of Minnesota Sports Federation Softball Program Affiliation/Membership

- MSF offers the lowest membership and tournament entry fees available. \$15 per team and \$190 per postseason tournament entry. Umpire membership is \$40-50 and weekend tournament registration is just \$55. These fees are considerably less than what other organizations charge and are designed for the masses.
- MSF provides the greatest team member benefits for teams including a scorebook that contains twice as many scoresheets as the competitors and is wire bound for ease of use. All teams also receive a program guidebook with all the rules and regulations, rulebook and membership bag tag.
- MSF website is informative and user-friendly. Profanity, slander or sophomoric humor does not appear on the website.
- MSF umpires pay the lowest membership fees in exchange for an in-person training clinic, testing procedure, rulebook and liability/medical insurance. The lowest priced/highest quality umpire apparel and uniforms are available through the MSF. Proceeds are retained by Minnesota program.
- MSF fees collected remain in the state of Minnesota. Copious amounts of money are not forwarded to a national organization which benefits less than 5% of local teams and umpires.
- MSF traditionally has more teams participating in more divisions of postseason tournament competition than any other organization in the state.
- MSF has at least 3X the member softball communities than other softball organizations in the state.
- MSF has zero tolerance for unsportsmanlike conduct. At lease one competitor recently allowed a player to continue tournament play and advance to national competition that had rifled a ball at an opposing player's head, narrowly missing him... that would not go without serious penalty in the MSF program.
- MSF eligibility rules are enforced and "thrown together" teams are not allowed in postseason or registered weekend tournament play. All teams are required to submit a roster in advance.
- MSF administers the Minnesota Softball Hall of Fame which was established in 1982.
- MSF singularly offers an "Active Rewards and Loyalty Program" (ARLP) which rewards cash rebates for participating in various categories of the MSF program. This further distances the MSF from other programs when it comes to the cost of membership and participation. This past year member softball communities earned \$3,500 in rewards which can be utilized to reduce postseason tournament entry fees.
- MSF offers a national softball tournament for the very limited number of teams that seek the opportunity.
- MSF playing rules are established locally which allows innovative rules like the pitcher step-back rule and higher pitching arc. We are not controlled by a national organization which believes they know what's best for Minnesota.
- MSF postseason tournaments guarantee teams two or three games based on the number of teams entered. MSF co-rec, women's and men's/co-rec fall state tournaments are by large margin the most viable conducted.
- MSF member team managers and umpires annually receive a membership "bag tag" as proof of membership.
- MSF program is controlled locally by a board of directors elected by the local membership.
- MSF provides hard copy roster forms (blanks) for all teams to complete. These are not only easier to track, but provide a signed waiver which has proven invaluable in several lawsuits.
- MSF's diverse sports programming works together for the good of the whole, including both youth and adult.
- MSF staff are professionally trained in the park and recreation field and as a result possess a recreational philosophy which is in concert with 95% of the participating teams.

Comments (if any) on above classes:								

All fastpitch pitchers must appear on the Minnesota Fastpitch Pitcher Classification list to pitch in MSF Registered Tournament and Postseason Tournament competition. Leagues may also adopt use of the list.

Pitchers may not pitch in competition below their classification level unless special dispensation has been granted by the state fastpitch committee or their league allows it in local league play. The classification of a team's pitchers is just one of several considerations used when classifying a team. Other considerations are past performance, new players, defensive and offensive skills.

Pitchers do not need to reapply for classification each year unless there has been in change in their pitching ability. The Minnesota Fastpitch Committee reserves the right to reclassify a pitcher at any time. Pitcher's classification list will appear on msf1.org website.
